summary

I'm a student of Computer Engineering with a great desire to learn. I especially like the Computing branch, ie, data structures, algorithms, and everything that has to do with scheduling things. Although I do not close the door to anything.

Currently I've started a personal project (EvaluaMe) with which I am putting into practice the knowledge acquired at university.

- Proficient Algorithms
- Data Structures
- Data representation
- Object Oriented Programming
- Android Development
- Multi-Thread Programming
- Distributed Programming
- Version Control Systems (VCS)
- Agile Methodologies
- Angular 2 Development

work

2016	Brooktec Web development.	Software Developer Internship
------	-------------------------------------	-------------------------------

education

2013–Now	Bachelor's Degree of Computer Science Specialized in Computation	University of Valladolid, Spain
----------	--	---------------------------------

awards

2016	Codes and Cryptography Score: 10.0/10.0 with Honors.	University of Valladolid, Spain
	Algorithms and Computing Score: 9.5/10.0 with Honors.	University of Valladolid, Spain
2015	Operating Systems Structures Score: 9.5/10.0 with Honors.	University of Valladolid, Spain

interests

professional: computing problems, data analysis, algorithms, machine learning, design patterns, web design, software design, internet of things

personal: motor sports, rap and classic music, turntablism, cooking, technology
